Alloy Wheel Clamp

Assembly & Fitting Instructions

Scope of use:

This product can be used on alloy wheels only with a tyre width capacity of 165-205mm. It is only suitable for use with M12 x 1.5 pitch wheel bolts. It is recommended that you use this product in conjunction with a suitable Stronghold hitchlock when fitted to a caravan or trailer.

Maintenance:

- Lubricate lock regularly with a light oil spray.
- When cleaning this product use a cloth and mild detergent.
- Lightly grease M12 x 30mm socket headed screw when in regular use.

Easy fitting watch
the video here

This box contains:

- 1 x 'U' shaped wheel clamp
- 1 x Lockholder and pin
- 3 x Keys
- 1 x 10mm allen key
- 1 x M12 x 30mm socket headed screw
- 2 x M12 x 1.5 x 24.5mm pitch wheelbolts
- 1 x Fitting instructions and warranty card

Please note:

- Familiarise yourself with all parts prior to assembly & fitting
- This product is supplied with three keys. Separate and keep a key in a designated place of safety
- Record your key number here
- You will need this in order to obtain replacements
- Keep this instruction card and your proof of purchase (receipt or invoice) for future reference

Fitting Instructions

Fig 1

Remove two existing wheel bolts, which are diagonally opposed on the wheel. After checking that they have the same thread length, size and type as the special wheel bolts (M12 x 1.5mm pitch) provided, replace and tighten to the manufacturers recommended torque setting. Please note if fitting to a 5-bolt wheel, remove one bolt, moving around the wheel leave the next one in position and then remove the next bolt.

Fig 2

Insert the key into the lock and rotate the key clockwise. This will unlock the lock holder from the locking pin and allow you to separate these parts.

Fig 3

Fit the locking pin to one of the special wheel bolts in your alloy wheel, using the M12 x 30mm socket screw and the hexagon key provided. DO NOT over tighten.

Fig 4

Take 'U' shaped wheel clamp and using the approach angle shown, offer it to the locking pin.

Fig 5

Now pass 'U' shaped wheel clamp arm over the locking pin.

Fig 6

Insert the lock holder into the locking pin and turn keys anti-clockwise to lock wheel clamp into position.

Warranty

Please see warranty card for details. Full warranty terms can be viewed on our website www.stronghold-security.com

Replacement Keys

The design of Stronghold keys means that genuine replacements are only available by special order through the place of purchase, for which you will require your key number. Please note, the use of unapproved copy keys will void your warranty.
